PROCLAMA 390N

Be it known throughout all of the realms that on this day of Jebruary Twenty-Jifth in the year of our Lord Nineteen Hundred and Eighty Nine and henceforth that no personage of any rank or title may be made to suffer upon their delicate hearing the announcements, summons and or otherwise unruly intonations made by any other personage of rank or title with the use of a hand held battery, or otherwise, operated "Bull Horn".

Be it further proclaimed that usage of such device or devices adds immeasurably to the misery of noise pollution and is a detriment to one's Health & Happiness.

This is proclaimed, due to my most gracious Imperial Empress Lily Street's well known affinity to such devices and which has, on occasion, reeked havoc upon the populace of many domains.

Therefore, from this day forth, I decree and proclaim an unequivocal prohibition on "Bull Horn" usages to save the world from harm and possible multiple "Bull Horniness".

Thus it is said —

Thus it is written —

And thus it shall be.

Set by my Hand and Heel -

His Most Imperial Majesty, Emperor XVI, A.N.

Don't Call Us-We'll Call You!

RING...RING...RING...

Lily: Yes, who is it?

Steven: It's your Emperor.

- L: Who? How many guesses do I get?
- **S:** It's me, Steven—your reason for being; your protector; your escort; your confidante.
- L: I knew I should have let my machine answer this call.
- S: It's time we write the letter for the program.
- L: "Hand me the letter . . ."
- S: You never could do a decent Bette Davis.
- L: I wasn't around when she was young, like you were.
- S: You don't look it.
- L: I think I have a bad connection here. Call me back—in about a year.
- S: Seriously, we have to put something in the program.
- L: "Presenting the Blonde Bimbo and Her Lounge Act."
- S: It's a beginning. We have to thank a lot of in-town people.
- L: I got it. How many "t's" in butt-breath?
- S: Lily!

We need to talk about our year, our successes, the places we've seen, the people we've met.

"Through all kinds of weather what if the skies should fall just as long as we're together, it doesn't matter at all."

- L: I know we've got a bad connection here.
 I could always talk about the one time during our reign that I got lucky.
- S: You shouldn't confuse pity with luck.
- L: You trouser snake. I should listen to this? This from Mr. Instant Quaker Oats? Thirty seconds and you're done.
- S: Touchy, touchy.
- L: Remeber the Gay Pride Parade. And all the people we saw—
- **S:** Remember my holding the parasol, you using your urinal, all while traveling down Market Street.
- L: The only way to fly if you ask me.

 Remember the Closet Ball '88? You were real smooth.
- **S:** A slight mishap in the judging that's all. Hope we get to do it again next year.
- L: Like Burns and Allen?
- S: Yeah!

- L: I refuse to smoke that damn cigar though.
- **S:** Remember all the out-of-town coronations, Denver, Stockton, San Diego. . .
- L: All real lucky cities for you—Empress de Tiajuana. Ha!
- S: You're Empress of Bird, or almost none of Alaska.
- L: We're just a bunch of title f____ s (seekers).
- S: Our Investiture was fun—Bowling for Titles.
- L: As in life, it's what you do with your balls that counts.
- S: And usually in a gutter.
- L: Are we talking my bowling or your social life?

 Remember though it was at the Investiture, with hopes of a cheap sound system that the bullhorn was born.
- S: Our still-born child.
- L: And cheap sound system.
- **S:** Thank God you were able to get that thing through the airport security points.
- L: I was hoping for a strip down seach to tell you the truth.
- S: All that traveling and never one fight.
- L: Fortunate for us—you talk in your sleep.
- S: Did that bother you?
- L: Who slept?
- S: You didn't say anything about three in a room.
- L: I'm being kind. Besides, I might want to visit those cities again.
- S: It was all done with a higher purpose in mind.
- L: Like what—filling the hall with your ex-tricks?
- S: We couldn't with yours.
- L: You're Mr. Party Line and I am Miss Call Waiting.
- S: We did have a good time though didn't we.
- L: I gave you the best year of your life.
- S: Modest, aren't we?
- L: I will say you made this Blonde Bimbo look great.
- **S:** You did the same for me—without making me look or sound like a lounge act. We did good.
- L: Steven—I can't talk with you right now I'm on the phone.
- S: So am I—to you.
- L: It's been a good connection.
- S: Ditto.
